SUPERINTENDENT, GOVERNMENT PRINTING, and
Secretary, Press Committee,

TO

The Secretary to Government,
Development Department, Bangalore
MAR 1 1940
AGRI. & FOREST BRANCH
BANGALORE
P.S. 80-39-1

SIR,

With reference to your letter No.G.11729/P.& S.102-38-20, dated 19th May 1939, directing to place before the Press Committee the question of printing of Gradation Lists of several departments in the Government Press, etc., I have the honour to state that the question was placed before the Press Committee in their meeting held on 4th December 1939, with a brief note on the subject (copy is enclosed for kind reference). The Committee is of the opinion that the Gradation list of all offices which are very important records be printed once in two years in all cases uniformly by allowing double spacing between two names to insert additions and alterations. The Government Press is not, according to the decision of the Committee required to send proofs to the Department as it involves additional work in the Press and the Government Press has to print gradation list of only such of the offices which Government may direct from time to time. A copy of the resolution is enclosed for kind reference.

A list showing the names of the offices of which the gradation lists were printed and supplied in the years 1936-37, 37-38 and 38-39 is also enclosed to the note for information. If Government ~~is~~ desire that Gradation lists of some more offices have to be printed and supplied, I submit that the question of enhancing the budget grant of the Government Press to meet the cost of paper and labour and additional equipment may kindly be considered.

I have the honour to be,
Sir,
Your most obedient servant,

YRS.

Secretary.

Government in their order No.G.11729/P.& S.102-38-20, dated 19-5-1939, have directed that the question of printing gradation list of several departments in Government Press may be placed before the Press Committee and their view submitted to Government.

✓ References available in the Press indicated that during the years 1936-37, 37-38 and 38-39, the gradation lists of different departments, 5, 12 and 10, respectively were printed and supplied as per detailed statement enclosed.

3 Government in their order No.E.1000-50/P.& S.25-22-1, dated 8-8-1922 (vide para 17 sub rule XVI-4 (page 26) - Appendix II (6) of the Press Manual) directed that gradation lists may be printed once in 3 years. This order does not give full particulars whether the gradation list of all departments including units (Revenue Establishment of Taluk Offices, District Units, etc.,) and Executive and Ministerial offices have to be printed or only the list of particular department have to be printed. It appears to be necessary that definite orders on the following points are obtained to facilitate the work in the Government Press and also to avoid unnecessary correspondence.

1. Name of Department of which the list have to be printed.
2. Whether the list have to be confined only to provincial establishment.
3. Whether it has to be confined to only Executive staff or may be extended to Ministerial staff also. In these cases if the heads of departments fix the District or any other administrative area as a unit, is it necessary to print the gradation list of such units also.
4. Whether printing of gradation list may be attended to once in 3 years as per order.

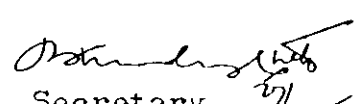

4 Government order dated 8-8-1922 have been modified in the following cases and the gradation list of these departments are printed once in a year.

5. Printing of gradation lists annually involves extra cost and labour and heavy additional equipment in the Government Press. It is suggested that they may be printed once in three years with certain number of copies inter-leaved to facilitate noting the changes in the department. At present only about 21 Unit offices except four stated above are getting their gradation lists printed once in three years, if the period is to be reduced or gradation lists of more unit offices have to be printed heavy additional equipment is necessary. It is also found from experience that the manuscript copies for the gradation lists is not sent in a final form but numerous corrections are made in the proof stage involving heavy cost. Therefore, it should be laid down that proofs of gradation lists will not be sent to the department but copies struck off as per the manuscripts received in the Press. This will not only save labour but also will expedite the printing and supplying of them.
